## Mystical Union

### The Threefold Flame

“This flame of the heart is known as the threefold flame. It is the essence of your immortality. The threefold flame is the only thing about you here, below, that is immortal.”

### I AM Presence

“The threefold flame is the flame below—the spark of life anchored in the center of being. The flame above is called the I AM Presence. Your I AM Presence is the source of your being, whose life your Holy Christ Self is releasing to you every passing moment. It is the Spirit of God immutable—absolute God-purity, the absolute perception of only that which is Real.”

## **The Ascension**

“The ascension is the soul’s reunion with the individualized I AM Presence. The ascension of man’s self-awareness in the Father-Mother God...It is the natural outpicturing of divine grace in action.”

## Etheric Retreats

Thomas Cole, *The Voyage of Life: Youth* (detail), 1842

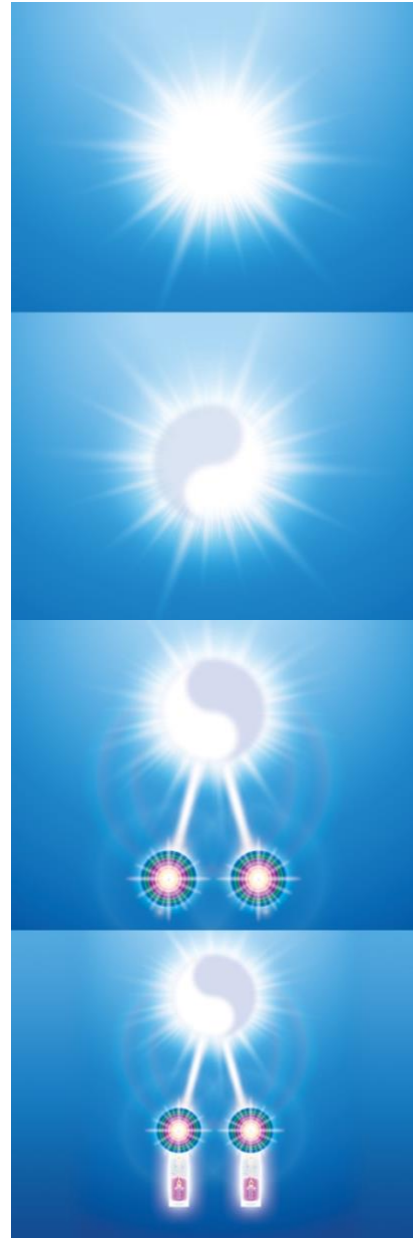

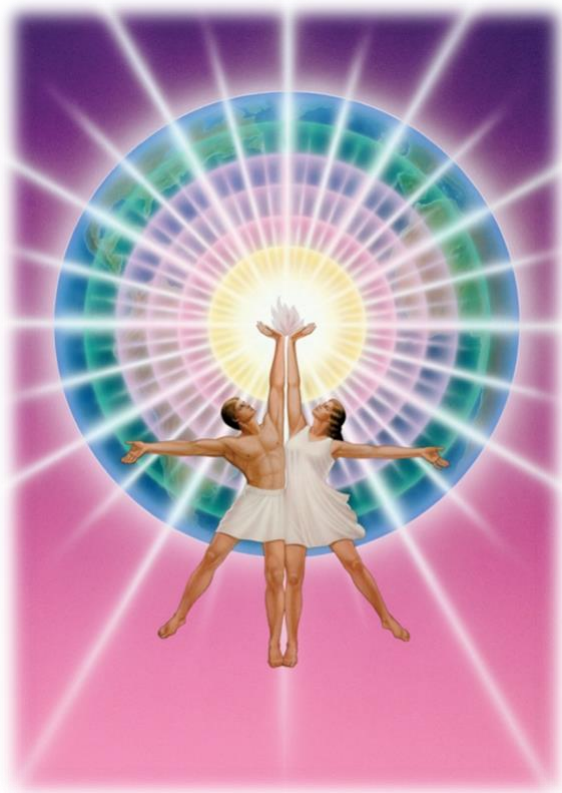

“The seven chohans and many other ascended masters, archangels, and Elohim have their retreats in the etheric plane—a higher vibrational plane of existence on earth. These retreats are located all over the world and many are ancient.”

“On Saturday evening be certain to meditate on the Grand Teton as you ask to be taken to the Royal Teton Retreat to learn the way of wisdom and the lessons of illumined action for the precipitation of Christ consciousness under Lord Lanto.”

## Twin Flames

“Our own causal body is a replica of that Great Central Sun. In our original creation, the Divine Whole of the I AM Presence separated into two as twin spheres—two causal bodies, two spirit sparks, twin flames descending for the purpose of evolution in the matter cosmos as they had evolved in the spirit cosmos. And so for every one of us there is a soul counterpart, a twin flame...Veils of illusion surround us now. We are separated by time and space, but our True Selves are not.”

“You cannot find what is not in yourself. That is why it is absolutely certain that you will find your twin flame—because your twin flame is inside of you, in that great causal body of light, in the middle figure of the Chart who is your Holy Christ Self. In every heartbeat the other half of the divine whole is present.”

## Chapter 3

# The Science of the Spoken Word

### Violet Flame

“The Violet flame is the gift of Saint Germain. It is the flame of alchemy and the sacred fire. It is the flame of freedom. It is the power, the wisdom, and the love to change that which ought to be changed and to seal as the creation that which ought to be sealed.”

### Heart, Head, and Hand Decrees

Keeping on in freedom's name  
Till I AM one with the violet flame.

The ever-loving One.  
Ascended now, with full God-power,  
I AM a blazing Sun!

## Chapter 4

# Facing the Darkness

### The Origins of Evil

“Thus the fall of Lucifer came about, and into the four planes of matter came the fallen ones to inhabit the lower etheric, the astral, the mental, and even the physical quadrants. A portion of these rebellious ones took on flesh forms. They therefore came under the law of reembodiment, and they have been reembodimenting upon the planet earth for thousands of years since that event.”

### Archangel Michael, Our Defender in Armageddon

“We need Archangel Michael, for we by ourselves are no match for the fallen angels who move against God's children on earth. As recorded in the Book of Revelation, it was Archangel Michael and his legions who cast Lucifer, Satan, and their angels out of heaven into the earth. Ever since then there has been a war going on in the earth.”

## Chapter 5

# The Brotherhood of Light

“It is vital to our victory to remember we are not alone, nor do we ever take on the forces of darkness ourselves. There is a chain of hierarchy—ascended masters, angels, and elementals, the seraphim and cherubim, Elohim and great cosmic beings—that extends from here to the great central sun our point of origin of the entire Spirit-Matter cosmos.”

### Alpha and Omega

“But we can reacquaint ourselves with our Father-other God. We can know Elohim. We can know angelic hosts of light. We can let go of all tensions that have beset the unconscious and blocked our souls from renewal of oneness and the reestablishment of a crystal cord to their hearts without frays, without compromise.”

## Elohim

“Elohim is the plural noun for God as the creator, the appellation whereby we call the seven spirits of God who brought forth the entire creation in answer to the command of the logos... There is a Father-Mother twin flame pair of Elohim for each of the seven rays. The Elohim of the first ray of God's power are Hercules and Amazonia...Most likely, the memory of the God known to the Greeks as Heracles (Roman Hercules) was retained from an ancient encounter with the Elohim. There mythology has descended from the elder days probably from Atlantis.”

“The Elohim of the second ray of divine illumination are Apollo and lumina. These Elohim wants us to focus on education in the quickening of the mind of God within all light bearers.”

“The Elohim of the fourth ray of purity and joy are Purity and Astrea. They come with the action of their circle and sword of blue flame in answer to our call.”

## The Nature Kingdom

“Serving beneath the Elohim are the hierarchs of the nature Kingdom.”

“Giant sylphs that span the skies and interpenetrate the earth, the water, and the sacred fire mingle and make merry with the blessed angels of the sacred fire, angels of the purifying light, and angels in adoration of the living flame of the Holy Spirit.”

“For the water element, Neptune is the king of the deep and his consort Luara is mother of tides, governing cycles of fertility and the water element as it affects the emotional body (known as the water feeling or desire body.) The elementals whose domain is water are known as undines.”

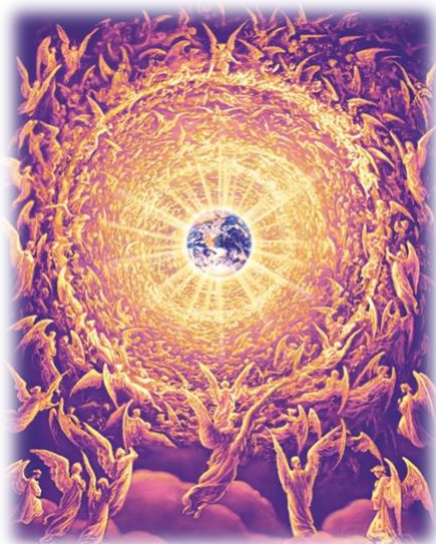

## The Angelic Kingdom

“Charity, compliment of Chamuel, the archangel of love, is the archeia of the third ray. She comes to deliver man and woman from the agony of self-centered love and of that which seeks to possess and is thereby possessed of the not-self.”

“The Archaea of the fifth ray and twin flame of Archangel Raphael is our much beloved Mother Mary, who has chosen to ensoul the Mother ray for a cosmos. She is our friend of light and Mother of eternal cycles.”

“The seraphim are the order of angels dedicated to the focusing of the flame of purity and the consciousness of purity before the throne of God, in the electronic fire rings of the Great Central Sun, and throughout the cosmos in the plains of spirit and matter...These Seraphim are our very best friends. They are of the order of Serapis, they attend our ascension, and they have attended the degrees of our ascension in every embodiment since we left the Great Central Sun.”

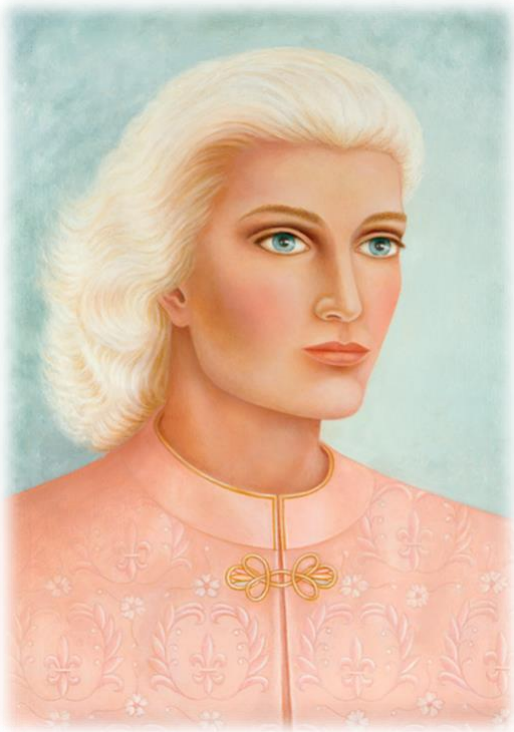

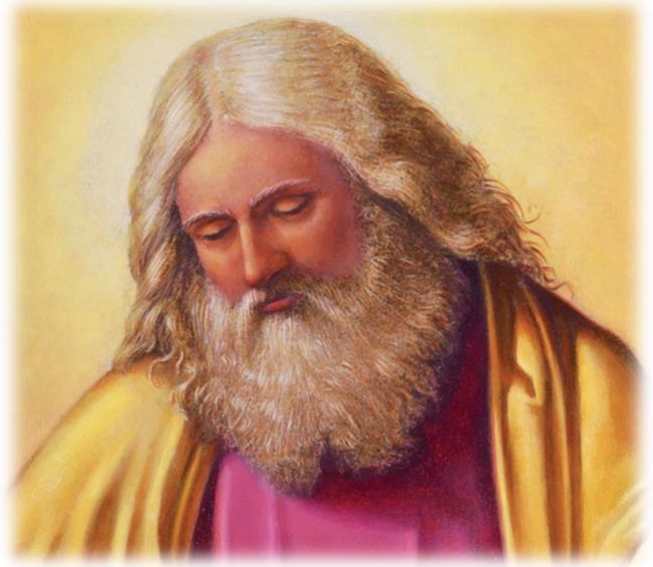

“Love is the essence of creation. Without love, life is desolate, the skies are dreary, and elemental life is despondent. This great tapestry of light these cosmic beings, Elohim, angels, and elementals are waiting to help us. We simply need to remember that we are children of the Most High.”

## Chapter 6

### The Path of Accelerated Love

“So came Sanat Kumara and the one hundred and forty-for thousand. Through their sacrifice earth was saved and her evolutions were given another opportunity to serve the light and regain their immortality...Assuming the office of Lord of the World, Sanat Kumara resided in this physical retreat, but he did not take on a physical body such as the bodies we wear today.”

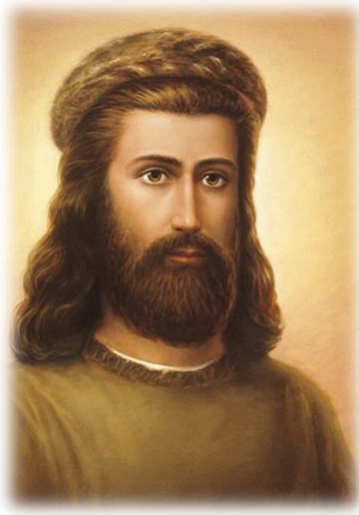

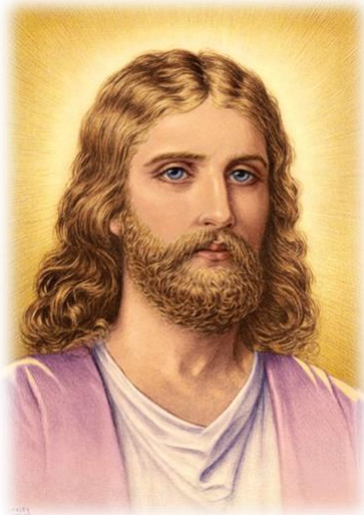

“Sanat Kumara can be found under many names in many spiritual beliefs. We can find mention of him with his name of Sanat Kumara in one of the oldest living religions. Sanat Kumara (from the Sanskrit *sanat* ‘from of old’ ‘always,’ ‘ever’ and *kumara* ‘always a youth’) is revered in Hinduism as one of the four or seven sons of Brahma. They are portrayed as youths who have remained ever pure Sanat Kumara is said to be the oldest of the progenitors of mankind; in the Mahabharata he is called eldest born of Brahman.”

## The Lineage of Sanat Kumara

“Lord Maitreya holds the office of Cosmic Christ and Planetary Buddha. He is known in the East as the long-awaited Coming Buddha who will come to inaugurate a new age of peace and brotherhood. Maitreya is the Buddha of the aquarian cycle. This is the age of his coming, and he has come to the fore to teach all who have departed from the way of the Great Guru, Sanat Kumara.”

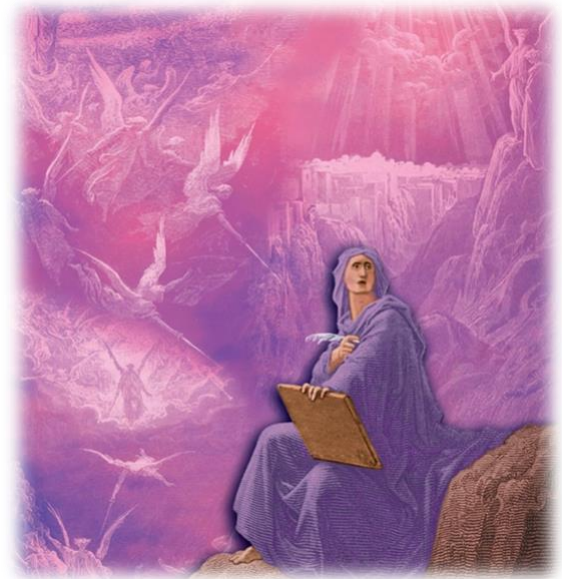

## The World Teachers

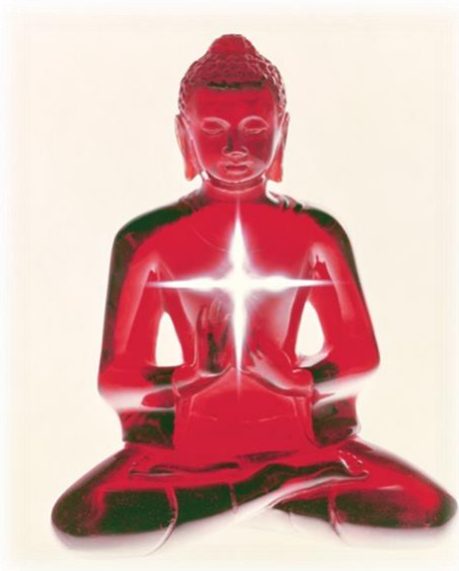

“Serving with Jesus in the office of World Teacher is his disciple Kuthumi. The World Teachers are responsible for setting forth the teachings in this two thousand year cycle, leading to individual self-mastery and the Christ Consciousness. They sponsor all souls seeking union with God, tutoring them in the fundamental laws governing the cause effect sequences of their own karma and teaching them how to come to grips with the day-to-day challenges of their individual Dharma, duty to fulfill the Christ's potential through the sacred labor.”

## The Path of the Ruby Ray

“The sponsoring apostle of the Ruby Ray is John the Beloved. We can follow in his footsteps to the Sacred Heart of Jesus, and he bids us take the Book of Revelation and the ascended masters’ teachings on it. For those who seek to balance 100 percent of their karma and would do so not only for the ascension but to prepare to meet the dark forces of this world must know that the contents of this book is a step-by-step map to the fulfillment of the Lord's glory.”

## Divine Love

“This Buddha of the Ruby ray teaches us how to come forward, how to hold the light, protect it, and retain our guard God harmony he opens the pathway of the buddhas of the Ruby rail on earth leading to the heart of Sanat Kumara.”

# Chapter 7

## The Heart of the Mother

### The Universal Mother

*Mother of the World, Nicholas Roerich*

“Come to know the heart of the universal Mother, the blue ray of Kali, and the image of the Mother that repeats itself as a pattern in Matter over and over and over again. Faces of the Mother appear etched in sand, in glass, in fire, in blade of grass throughout eternity. There is nowhere that you can look when you are dedicated to the holy will of father and not find the image of Mother.”

### The Flaming Goddess

“In the tradition of the east we can pray to Sarasvati, for she is ready to pursue with us the opening of the crown and to assist us in the raising of the light of the Goddess Kundalini. But she must have from us a nucleus of golden- yellow white fire. She must have an intensity of desire for the knowledge of God and for the knowledge of what is truly transpiring in the earth.”

## Chapter 8

### The Way of the Buddha

“Gautama Buddha calls us home to his Shambala of the East and of the West. He calls us home to the light of the universal yin and yang, to inner balance, for we will not find it in the outer world or the outer self...From his heart is a filigree thread of light that goes out to every individual upon this planet.”

“The dharma is the teaching, but it is the teaching that is embodied. When the ascended masters speak of the Dharma, they are Speaking of the all-embracing presence of the Buddha himself, whose life is an emanation of the teaching.”

## The Five Dhyani Buddhas

“As the seven rays are the outer rays of Christ awareness, the five secret rays are the inner awareness of the white-fire core of being. The five Dhyani Buddhas—Vairochana, Akshobhya, Ratnasambhava, Amitabha, and Amoghasiddhi—are great cosmic beings from starry heights who give us our initiations on the five secret rays... these rays are the energy and power of the nucleus of life, the nucleus of the atom, the nucleus of our heart.”

## The Path of the Bodhisattva

“One of the most beloved bodhisattvas of the East is Kuan Yin, who is known as the goddess of mercy. The name Kuan Shih Yin, as Kuan Yin is often called, means literally ‘the one who regards looks on or hears the sounds of the world.’ According to legend, Kuan Yin was about to enter Nirvana but paused on the threshold as the cries of the world reached her ears.”

## Chapter 9

# Connecting to your Own Ascended Master Guru

“We can be free only as we free all life and this freedom is a freeing in the solar plexus, in the feeling world, whereby we no longer separate ourselves from any part of life and we see all life as only God—God in manifestation, God as Christ, God as Krishna, God as Brahma, Vishnu, Shiva, God as the universal Mother.”
